### Lack of Unity Election

This election requirement is made in accordance with 37 CFR 1.499.

Group I: Claim 1-5, directed to a prepreg.

Group II: Claim 6-12 directed to a method of making a prepreg.

The Special technical feature (STF) of group I is claim 1. According to Applicant search report submitted on 4/19/05, all of the forgoing STF is shown in the prior art in JP1-200914 A as an X reference. Hence, there can be no Unity of Invention when the STF or single inventive concept is shown in the prior art. Thus, Lack of Unity is held by the Primary Examiner in accordance with PCT rule 13 and 37 CFR 1.475. Applicant is required to provide an English language translation of JP1-200914A, with a response to this office letter.

Any inquiry concerning this communication should be directed to N Edwards at telephone number 571-272-1521.
